## PROJECTS

---

### Book-mark Keeper

- Developed a browser extension or app for seamless organization and editing of bookmarks.
- Users can categorize, edit, and search bookmarks effortlessly.

### Music Player

- Created a cross-platform music player application supporting various audio formats.
- Implemented a sleek and user-friendly interface with playback controls and album artwork display.

### Video Player with Picture in Picture

- Designed and implemented a video player application with a picture-in-picture mode for multitasking.

### Quote Generator using API

- Developed a web application that generates random quotes sourced from an external API.
- Integrated with a quote API to fetch diverse and inspirational quotes on demand.

### Pong Game

- Created a classic Pong game using HTML5 and JavaScript two-player functionality allowing users to compete against each other in real-time.

## WORK EXPERIENCE

---

### Freelancer

- As a freelancer, I've handled diverse projects in Web Development, delivering top-notch results worldwide. By collaborating closely with clients, I ensured satisfaction and exceeded expectations. Strong time management ensured timely completion, fostering repeat business.

## EDUCATION

---

### Bachelor of Computer Science (BSCS)

2022 - 2026

Cholistan University of Veterinary & Animal Sciences - CUVAS Bahawalpur
